

marked tracks).

The lake in summer

It becomes a real leisure area where you can canoe-ing kayaking, swimming (there a lifeguard from the 1st of July to the 31st of August), riding on ponys, go fishing...

Fireworks on the lake

Every year the village of Montriond organizes a big light and fireworks show on the Lake. It's on the second Saturday of August and it's free.

You're allowed to fish only from the first Saturday of April onwards... when there's no more ice on the lake. Char fish, rainbow trout and minnows are found in the lake.

Fishing

The Lake of Montriond

Choose « the discovery walk of La Vernaz »

Yes?

Did you enjoy this walk?

The layer of ice on the lake can reach a meter deep, which offers the possibility to dive under the ice. You can also go skiing around the lake (free cross-country

Further Informations

Signposted foot path according to the norms of the Department's Chaire

More trekking and walking leaflets, as well as a walker's map, are available in the Vallée d'Aulps tourist offices.

MAPIGN TOP 25, 3528 ET, Morzine

Do not hesitate to ask them!

Don't forget this route goes through several alpine pastures. Don't forget to close the fences and keep your dog on a leash!

MEUUUH!
Pensez à nous!

!! CAUTION !!

DANGEROUS IN CASE OF SNOW AND BAD WEATHER

You are walking at your own responsibility. In the mountains, storms are frequent, so listen to the weather forecast before setting off. Wear walking shoes, warm clothes and waterproofs, and take a walker's map. Never go walking alone, and always tell someone of your planned route. Respect nature, don't leave the marked paths and bring back all your litter.

The Montriond Lake

WALKING IN

VALLÉE d'AULPS

- very easy
- rain or shine
- Montriond Lake (Montriond)
- 150 m
- 2h15
- Lake, forest, waterfall, cliff

At the end of the lake, follow the path which leads you through the forest, direction "Les Albertans" which you'll reach in 15 minutes. In this little hamlet admire traditional and local architecture. Chalets here are covered by a small yellow lichen, which is lichen.

2^e Section

Follow the path up to the Ardent waterfall (altitude 1170m). The noisy and rumbling water is very impressive at the beginning of the spring when mountain snow starts melting. From the waterfall, head back to the Lake by the same route.

A small walk without vertical climb, easy for children, to discover the Montriond Lake and its waterfall. Park your car next to the lake (6 km away from Montriond village) at 1069m in altitude.

From the car park, start walking, heading to the other side of the lake. Follow the path along the lake and not the one in the forest. This one is only for horses and mountain-bikes.

1st Section

The lake's surface is about 35 ha. It's the third biggest one in the area, after Lake Geneva and Lake Annecy.
