

From Montriond Lake to Ardent Waterfall

Une randonnée proposée par Vallée d'Aulps Tourisme

A refreshing walk starting from Lac de Montriond, for young and old alike, to discover the listed site of the Cascade d'Ardent. The pretty path alternates between clearings and woodland, passing through the charming hamlet of Les Albertans and its old traditional chalets. Admire the cliffs on your right, where several old galleries remain from which slate was extracted until the 1950s.

Description

(D) Start from the car park at the end of the lake. At the car park, on the edge of the forest, the signpost indicates the path to take to the cascade d'Ardent 'par la forêt'.

(1) About 30 metres further on, at the sign for 'Les Echertons', turn left. Keep going as far as Les Albertans!

(2) Here you are at Les Albertans. With its beautiful traditional chalets, this little hamlet is well worth a visit! We recommend you take a short stroll here before taking the path back towards the Ardent waterfall.

(3) The Ardent waterfall: enjoy the view of the waterfall from a wooden platform that juts out into the void, or admire it from the bridge just above.

(A) Return by the same route.
